

### Statement to CBC

*Haber Motors Inc. prides itself on ensuring that all vehicles it sells are safe. Accordingly, all pre-owned vehicles are required to pass a rigorous vehicle inspection conducted by our own qualified staff in addition to the mandatory vehicle inspection required by provincial legislation. Additionally, Haber Motors Inc. strives to be transparent with its customers in order to ensure fair sales practices and has complied with the recently enacted Motor Vehicle Information Disclosure Regulation since it came into force on December 31, 2011.*

*The allegations made by Lisa and Darrell Hargraeves against Haber Motors Inc. regarding the sale of a pre-owned 2009 Honda Odyssey, including the allegation that the vehicle was in a serious accident and may have experienced extensive structural damage prior to being sold by Haber Motors Inc., are not true.*

*The Honda Odyssey was purchased by Haber Motors Inc. under the express representation that it was not involved in any major accidents and did not have any mechanical fault. Additionally, the Honda Odyssey passed the Manitoba Provincial Safety Inspection as well as our extensive full body inspection prior to being sold to the Hargraeves. In fact, our inspection revealed that the vehicle had all body panel factory stickers intact including the factory serial number sticker. The presence of these stickers indicates that the body panels are all factory installed and have never been replaced. Our inspection supported the conclusion that the vehicle was not involved in any major accident. A copy of the Manitoba Provincial Safety Inspection is attached hereto.*

*Haber Motors Inc. recently conducted a second full body inspection of the vehicle which confirmed our findings in our original inspection.*

*Further, the Honda Odyssey has recently undergone a full body inspection by Colormelt Ltd. and with exception to a few minor cosmetic issues was reported as being in excellent condition with no indication of any major work being done to it previously. Colormelt Ltd.'s report is attached hereto.*

*Additionally, the Honda Odyssey's undercarriage was recently inspected by Winnipeg Honda. The report issued by Winnipeg Honda reveals that no leaks or damage were found on the vehicle's undercarriage. Winnipeg Honda's report is attached hereto.*

*The Honda Odyssey also recently passed the Alberta Provincial Safety Inspection and after the replacement of a stop lamp recently passed the Manitoba Provincial Safety Inspection conducted by Fountain Tire. The Manitoba Provincial Safety Inspection also required a satisfactory undercarriage inspection which the vehicle received from Winnipeg Honda. A copy of the Manitoba Provincial Safety Inspection and Winnipeg Honda report is attached hereto.*

*Haber Motors Inc. is providing this statement to CBC on the condition that this story is reported fairly, accurately, and truthfully based upon reliable source material.*

*In a previous CBC report regarding Haber Motors Inc., CBC broadcast false and misleading information about Haber Motors Inc. Haber Motors Inc. has sued CBC for defamation and this lawsuit is still pending in the Courts.*

Mr. B Haber  
President

VEHICLE INSPECTION REPORT :2009 HONDA ODYSSEY VIN # 5FNRL38719B022928

Dear Ben;

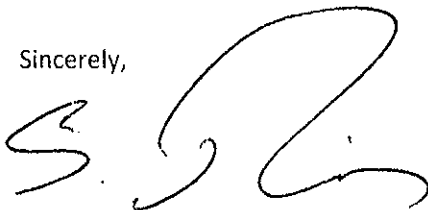

Initial overview of this vehicle indicates the general condition of this vehicle to be very good with these exceptions;

- 1.) Front bumper is in need of paint repair
- 2.) Hood is slightly misaligned and has a slight dent on the driver's side.
- 3.) Rear bumper is loose on drivers side
- 4.) Polish recommended
- 5.) Minor dent drivers fender

Note: Other than the recommendations noted above ; this vehicle is in excellent condition and has no indication of any major work been done previously to this vehicle.

In conclusion if you have any other concerns we recommend you take this vehicle to a Honda dealer for further inspection or if you have any further questions please call me a 668-6242.

Sincerely,

President

Colormelt Ltd
